

The 220 Club

History of the 220 Club:

Many years ago the staff at THS decided to get together some scholarship money, which would go to deserving Senior's pursuing a college education. A few teachers coordinated this effort. Money was collected at the beginning of the year. In order to sweeten the pot, those who contributed were assigned a number. This number remained in the pot all year. On one Friday per month, a fair number of teachers would meet at Peddler's Loft (local watering hole at the time), and the winning numbers would be drawn at exactly 2:20 p.m.

This worked out so well, that the TEA decided to take on the 220 Club and open it up to the staff at every school in the city. Monetary winnings are between \$5.00 and \$50.00, and your number(s) remains in the pot from month to month. It's not taken out if you win.

Each number is \$10.00. You may purchase as many numbers as you like.

The 220 Club originated at THS, and because of this, the high school staff has traditionally stepped up and donated year after year.

Please note: The children of staff members who apply for a TEA scholarship are given careful consideration. In order for there to be enough money to go around, my goal is to collect 220 money from every staff member in the building.

Thanks so much! 😊
